REPORT

Name of the Event: ONE DAY NATIONAL SEMINAR ON ARTIFICIAL INTELLIGENCE AND ITS IMPACT ON IPR.

Event Hosted By: Mr. Karthik Anand, Dr. Annapoorna Shet & Ms. Kavya

Date of Event: 20/02/2024

On 20/12/2024, Post-Graduation Department of Law along with Seminar/Conference/Workshop Committee of Shri Dharmasthala Manjunatheshwara Law College, Centre for Post-Graduate Studies and Research in Law, Mangaluru organized One Day National Seminar on the topic "Artificial Intelligence & its impact on IPR". Dr. Ashok Kumar, Principal of SDM

Engineering College, Ujire was the Inaugurator & Key Note Speaker. Dr. Tharanatha, Principal, SDM Law College, Mangaluru presided over the session.

First technical was presided by Mr. Anish Joseph, Advocate, High Court of Karnataka on the topic "Intersections between Law & Artificial Intelligence". Sir, embarked on the key aspects of issues pertaining the intervention of Artificial Intelligence in the applicability of Intellectual Property Rights. He also provided insights on

how difficult it is to implement common law remedies in cases of violation of rights by Artificial Intelligence. The session was made interesting by making mention of on-going infringement cases of IPR.

Second technical session was presided by Dr. Rio D'Souza, Principal, St. Joseph's Engineering College, Vamanjoor on the topic "Technicalities and Fundamentals of AI & its impact on society". In this session, technical aspects of creating an AI were discussed, how AI is created and the inclusions of algorithms and its functioning ability

were briefed. This session gave insights regarding the capability of how and why AI can think like a human being.

Third session was paper presentation from various resource scholars, academicians and students which was conducted by having two parallel sessions.

Dr. Nagamma Patil, Associate Professor, Department of Information Technology & Machine Learning, NITK, Suratkal & Dr Santhosh Prabhu, Assistant Professor, SDM Law College, Mangalore were the Panellists for the parallel sessions. There were 35 presentations in the seminar. At the end of the session, panellists opined about the presenters & appreciated their quality work.

During the Valedictory Session, certificates were distributed to the paper presenters & oral feedbacks were taken.

**ONE DAY NATIONAL SEMINAR
On
ARTIFICIAL INTELLIGENCE AND ITS IMPACT ON IPR**

20th, February 2024.

About the College

Dharmasthala is a famous temple town on the bank of river Nethravathi with a magnificent backdrop of Western Ghats. The place is known for its religious sanctity and religious harmony. Here Dharma is expressed in the form of Dhana (charity) and lakhs of devotees pray here for the blessings of Lord Manjunathaswamy.

Shri Dharmasthala Manjunatheshwara Law College, Centre for Post Graduate Studies and Research in Law is a professional college functioning under the aegis of SDM Education Society, Ujire. The college was established in the year 1974. Since its inception, College is striving to search for innovative methods in imparting legal education. Our college is commemorating 2024-25 as a Golden Jubilee year. Presently, the college is affiliated to Karnataka State Law University, Hubballi and recognized by Bar Council of India. The college is re-accredited by NAAC with "B++" grade with CGPA 2.9 in 2019.

About the Seminar

The world is marching towards a robust growth in Artificial Intelligence (AI). With the growth in information technology, we are connected to artificial intelligence in one way or the other, whether it is Siri, Watson or Alexa. In the fast developing and competitive world, AI is said to be a boon as it reduces human error, increase productivity and aids in speedy decision making process. From self-driving cars to perform surgeries, AI has widened its scope and in almost all spheres. AI is slowly heralding in Law and legal profession. However we cannot keep ourselves aloof from its threats. AI may pose certain threats such as loss of jobs, programmed to commit crimes, misaligned goals, Social manipulations, Invasion of privacy etc. However in India, AI is still in its early stages. Since AI is an emerging issue, today we may not be facing with the perils connected with it.

But in near future many concerns may arise with respect to AI. As AI technologies advance, challenges and opportunities arise in areas like patent law, copyright, and trade secrets. Issues such as AI-generated content and inventions, as well as the role of AI in infringement detection, require careful consideration and potential updates to existing legal frameworks. Additionally, questions about ownership and liability may arise as AI systems autonomously create intellectual property. Ongoing legal and policy discussions aim to address these complexities and ensure that IPR adapts to the evolving landscape of AI. Therefore there is pressing need to have laws that regulate the actions of AI. IPR plays a significant role in the field of AI. Companies often seek to protect their AI innovations through Patents, Copyrights & Trade Secrets. Balancing innovation with legal safeguards is crucial in the rapid evolving AI landscape. While all these developments are taking place on the technological front, there is no comprehensive legislation to regulate this growing industry. With the dearth of clear provisions in Law, accountability for the acts of AI may affect us in terms of Privacy to a great extent, as well as other spheres of law too. With this background this seminar is organized to cater to the need of a robust AI legal regime and Intellectual Property Rights in India.

Objectives of the seminar

1. To address the legal issues involved in the field of Artificial Intelligence and IPR.
2. To create awareness on the socio-economic and legal impact of Artificial Intelligence.
