One Day National Webinar on

"An Overview of the Law Relating to International Trade

Economics"

Date : June 26, 2021

Time : 09.30 AM

About the Webinar

Economic aspect of globalization is the realization of a global common market, based on the freedom of exchange of goods and capital. The global integration of markets in merchandise has enabled participants of international trade with convenient locations, policies, institutions and infrastructure to harness their capital resources better. It was perceived belief that the balanced industrial, social and economic development of the world nations consequent upon the globalization along with the welfare measures provided by the governments leads to increase in the welfare of the people and prosperity of the countries in the world. However, member states have tried to internalize these ideas and values in neutralized form with the objection that the current waves of globalization encompass money and corporations, but not people, the environment and health. The deliberations on 'development versus protection' is enduring even in the concepts of international trade economics. In this connection SDM Law College, Centre for P.G. Studies & Research in Law, Mangaluru, D.K. is organising One Day National Webinar on "An overview of the Law Relating to International Trade Economics" on 26th June 2021 considering the areas like Reading into the Security Exceptions under the WTO Regime, Foreign Direct Investment and Economic Development: Opportunities and Limitations from a developing country perspective, and Sanitary and Phyto-Sanitary Measures.

About the College

Established in 1974 SDM Law College has set a benchmark for quality legal education in southern India. The objective of the institution is focused on imparting legal education to all sects of the society. The institution is built on strong foundation and has maintained its reputation as a fine institution for legal education over the period of time.
