The speaker of this special lecture was Karthik Santhakumar, a highly experienced Corporate Legal Counsel.</p>	

REPORT ON SPECIAL LECTURE ON
UNDERSTANDING DATA PRIVACY

In an era of fast paced scientific development, technology has grown to become an evil far greater than a man could ever be- a tool in the hands of the sinners to aid their reign of crime, if left unchecked. At a time where individuality itself is at the brink of being erased, there is a need to comprehend and navigate this crisis by being cautious with the data we choose to share with millions of strangers across the globe.

The PG Department of Studies in Law, JSS Law College (Autonomous) Mysuru had jointly conducted the special lecture on "Understanding Data Privacy" with Shri Dharmasthala Manjunatheswara Law College, Mangaluru, in furtherance of the MoU signed by the two institutions. This special lecture was a part of the IQAC initiative.

The special lecture was delivered on 30th of December, 2021 at 11:00 am in online mode held on Zoom platform to accommodate the presence of students and faculty from both institutions.

The speaker for this special lecture was Mr. Karthik Santhakumar, a highly experienced corporate legal counsel, who shared his knowledge and expertise regarding the topic at hand with all the attendees of the lecture.

The primary objective of this session was to enumerate the legal nuances entailing data privacy, while simultaneously throwing light on the issues arising in data privacy and ways to combat the same.

The learned speaker highlighted the importance of personal information, relating it to the need for data privacy, and distinguishing it from sensitive personal data. He cited real life examples as to how multinational corporations storing data of its consumers fell to the breach of its security which impacted thousands of individuals, while cautioning us about the consequences of breach of privacy and misuse of sensitive personal information in the dark web.

In addition, he spoke of the various legal mechanisms, security practices and procedures in place to protect data privacy, including the growth of right to privacy under the ambit of right to life in the Indian Constitution, and raised awareness on our rights to deny sharing sensitive data unwarrantedly.

The monumentally enlightening session concluded by 12:00 pm after a brief interactive discussion with the students and faculty of both the institutions.
