Defendant

### Brief facts of the case

The plaintiff is the landlord of the suit schedule property which is fully described in schedule 'A'. The defendant is monthly tenant. The monthly rent paid by him is RS 25,000/- It has to be paid on or before 5th of every month. There is a rent agreement/ lease agreement between the plaintiff and defendant for 11 months renewable with few changes. The defendant has also paid RS. 5 lakhs as deposit.

Even though the premises is located within Mangalore city Corporation the plinth area is more than 250 sqft and hence the K.R.A. 1999 is not applicable to this. Hence the suit has been filed before this Honourable court as original suit.

The defendant has been a monthly tenant from 2015-2021. After every 11 months a new lease agreement would be drafted.

The plaintiff comes to know that defendant has sub-letted the suit schedule premises and also creating nuisance by illegally dumping waste materials in the vacant adjacent land. The defendant is also arrears of rent from past 10 months. For all the above said reasons the plaintiff has decided to put an end to the lease by issuing a quit notice under section 106 of T.P. Act and also issued the letter of termination asking him to surrender the vacant possession of the suit schedule property.

The defendant states that in response to several demands and also a letter dated 21/10/21 the plaintiff has failed to take possession of the suit schedule property and to return the deposit amount of RS. 5,00,000/-

## LEGAL AID ORIENTATION PROGRAMME...

The Department of Shri Dharmasthala Manjunatheshwara Law College for Post Graduate studies and research in Law Mangalore, had conducted the legal aid orientation program on 18/04/2022 at 5.0.0. college auditorium. All the students were present at this knowledge sharing session. He started with the various Govt Schemes available in India for the purpose to help the needy people.

And Principal sir gave the brief explanation regarding legal aid program. how they used to divide the teams and how they used to give information regarding Govt Schemes to the people.

Sir, Shikaripura Krishna Murthy started the speech by saying Authority, Power and Freedom are the three powerful words in management which all lawyers should know.

① Authority: Is a person given by law. Law will get you rules and regulations by authority. for this law should understand properly.

for example: The police officers have the authority to arrest the person. The Law provides you an authority

and now it is completely different thing that some of the officials are corrupt and money minded. Now the question is who is there to protect the people? The law will provide you certain rules and regulation and it protects the citizen and common people of India.

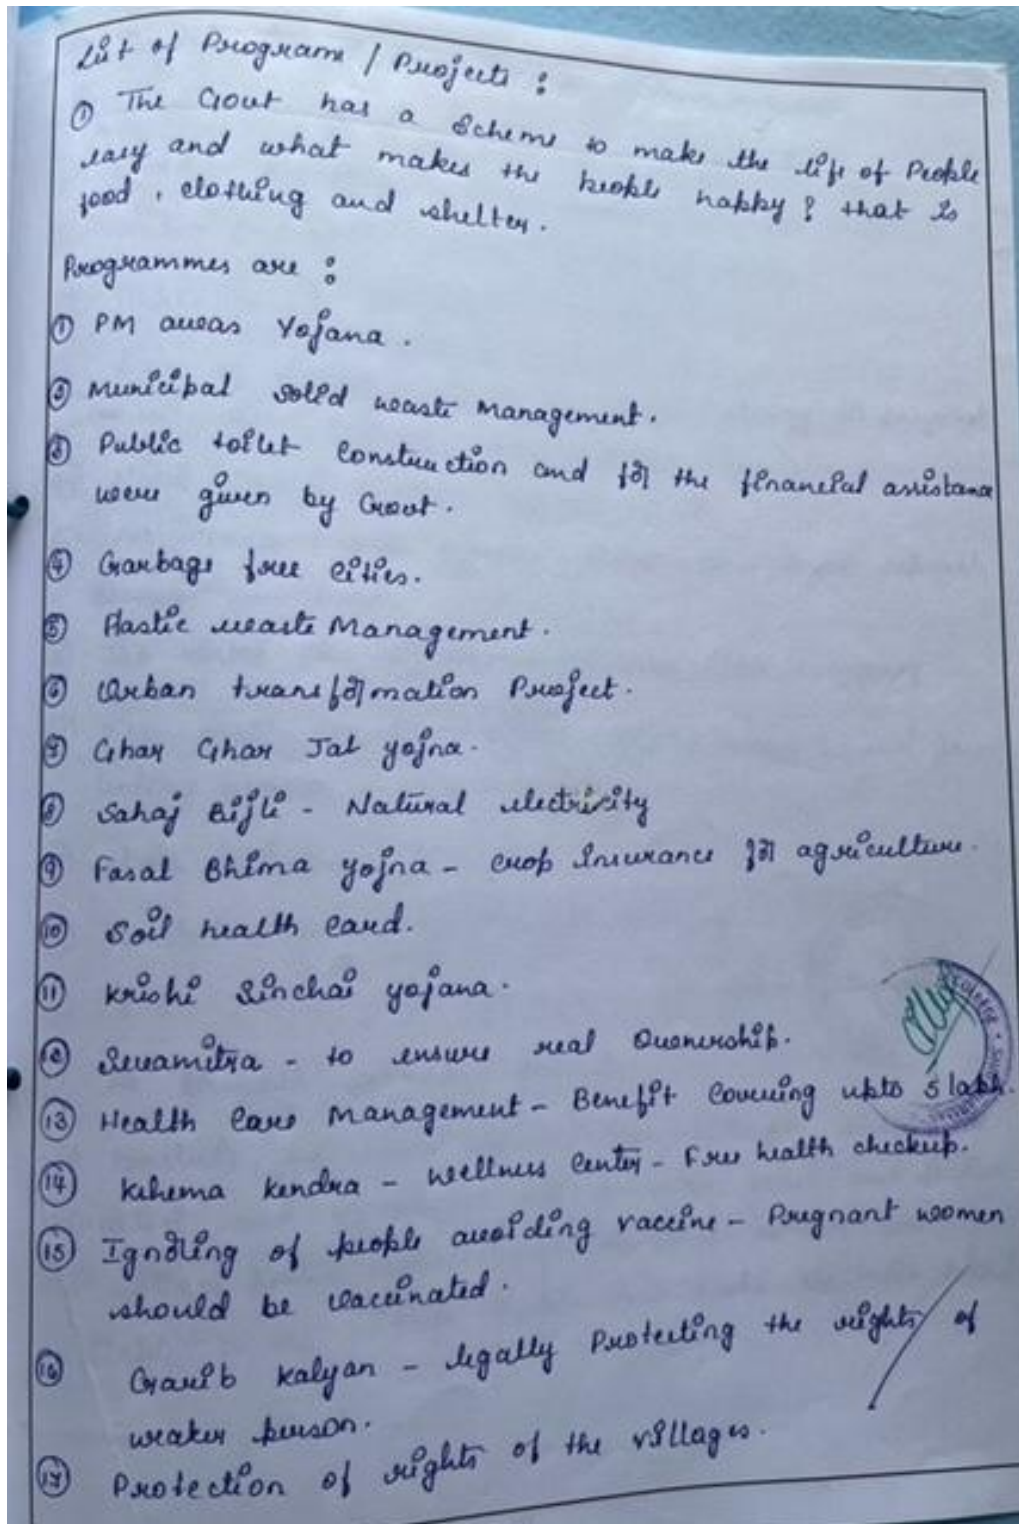

He also mentioned one of the words of chief justice that is podium and he gets the authority by drawing in the spirit of law. and Judge has the discriminatory power to make the judgement. and nowadays people are stick to the letter of law and nobody asked about what is spirit of law.

3] The Power: It is another strong point in democracy in which legal authority makes according to law. As a lawyer we have three powers, that is position power, acquiring the Power, Personal Power.

4] Example: Swami Vivekananda addressed in the kolkata about the personal Power and he also spoke about effective communication and also explained about clause waste of human Resources.

And we the upcoming lawyers should explain the various govt schemes and plans to the people for their better utilisation of various Govt Schemes. and he also explained us what are all the Govt policies and facilities which are available to the public / to all the ~~people~~ ~~area~~ people.

### Introduction.

Nations, states, brands & companies can buy and sell goods on other marketplaces thanks to international trade. This trade may result in a wider variety of products and services available to domestic clients. It permits development and growth while eliminating the risks associated with internal R&D. There are certain disadvantages to trading. Instead of importing products and services, a country can profit by exporting them. It can also be utilized to compete with domestic industries by using lower but no less valuable items.

### What is Global Trade, exactly?

The exchange of commodities and services across international borders is known as international trade. To be more explicit, it alludes to the exporting and importation of products and services. In contrast to import, which refers to the transfer of goods into the nation, export denotes the sale of goods and services beyond the country.

The three major types of international trade are export, import and outlet trade. Trade in exports and imports has already been covered. Entrepot trading, commonly referred to as re-export, combines import and export trade. It involves importing goods from one country, giving them value-adding, and exporting them to another.

### The Advantages of Global Trade.

#### 1. Benefits of Specialization And labor division.

It is advantages in several ways. The division of labor and the resulting specialization are significant benefits. Different sorts of producing agents are found in other geographical areas. Specializing in manufacturing those items for which their factor equipment is best suited is advantages for any nation or region.

For instance, Britain is blessed with coal and iron ore. oil resources in middle eastern nations South East Asian nations: tin, rubber, tea, India, Sri Lanka.

Footnote.

.ibid

Therefore, nations with a distinct advantage over a particular good can specialize in producing it and trade it for a superior good from a different country. Import, as it is less expensive than making that.

### 2. The Accessibility And Affordability Of goods.

Consumers can get foreign items at lesser costs thanks to international trade. Foreign goods are typically imported due to their greater affordability than native goods prices.

### 3. Prominent Production.

Specialization allows for the optimal utilization of production elements. The greater output will be achieved by discipline, large-scale production, and the introduction of machinery. Additionally, it increases their demand and consumption, which promotes further discipline and lowers the cost of goods and services globally.

Case No 1:- In the matter of D, an advocate AIR 1956 SC 102  
Bench - S R Das, B K. Mukherjee, J. L. Venkatarama,  
Ayyar, JJ.

FACTS OF THE CASE

The respondent, advocate D, is a practicing advocate in the Bombay High Court. In 1953, the advocate was prosecuted before Mr. Sonawane, one of the Presidency Magistrate at Bombay, on having committed an offence under the Bombay Prohibition Act. The trial was from July 1953 to November 1953.

On 18-11-1953 the advocate was convicted by the magistrate of the offence of which he was charged, and sentenced him to rigorous imprisonment for a period of one month and a fine of ₹ 201. In addition to this, on default of payment of fine, rigorous imprisonment of 4 weeks were included.

The advocate then appealed to the High Court where where the High Court upheld the conviction but the sentence was altered to the fine of ₹ 100. On 24-02-1954. In the meanwhile, the trial court Magistrate, Mr. Sonawane made a report to a registrar of Bombay High Court regarding the conduct of the advocate who appeared in person as the accused. The Hon'ble Chief Justice of Bombay High Court constituted a tribunal consisting of three members of the Bar Council to enquire into the conduct of the advocate on 16-3-1955. The respondent pleaded guilty to the charges levied against him. The tribunal made a request to the High Court where on the respondent's own admission, it was held that the allegation in the report of Mr. Sonawane were

REASONS FOR JUDGEMENT-

1. The conduct of the advocate in the criminal trial against him in the court of magistrate was entirely improper by any standard. It disclosed a continuous attempt on the part of the advocate to be rude and contemptuous of the Magistrate to hold up the trial and to do everything in his power to bring the administration of justice in ~~power~~ contempt, such a conduct merits severe condemnation. The advocate ~~is~~ has indulged into a conduct unworthy of a member of the honourable profession to which he belonged and so he should be suspended from practice for the same time.
2. Being an advocate of the Supreme Court and entitled under the Supreme Court Advocates Act to exercise his profession in all courts in India any suspension for a period less than fixed by the Bombay High Court would lead to inconvenience. Hence, the advocate was suspended for a period of ~~no-~~ terms with the period of suspension fixed by the Bombay High Court.
3. The advocate pleaded guilty and admitted the correctness of the report against him by the magistrate. He also tendered an unconditional apology to the tribunal evidently in the hope that he would get away with it by merely tendering an apology.  
The Supreme Court agreed with the observation of the Bombay High Court and the report of the Bench. It was observed that all the above-mentioned reasons were correct and upheld the judgement of the

to hold up the trial and do everything in his power to bring the administration of justice into contempt. Thus in the view of the conduct of the advocate, I support the opinion of the Supreme Court to suspend the advocate from practice. I also agree with the justification provided by the Hon'ble Court to uphold the period fixed by the Bombay High Court for the suspension as the advocate was entitled to practice his profession in any court throughout the Union of India and any period lesser would be irregular in nature.

### FACTS OF THE CASE :

D, the respondent is an advocate practicing in the Bombay High Court. In the earlier part of the year 1953, the advocate was prosecuted before the one of the presidency magistrates at Bombay on a charge of having committed an offence under the Bombay Prohibition Act. The trial lasted from July 1953 to November 1953.

On 18-11-1953, the Magistrate convicted the advocate of the offence with which he was charged and sentenced him to rigorous imprisonment for 1 month and to a fine of £20/- and to rigorous imprisonment of 4 weeks on default of fine. The advocate went upon the appeal to the High Court where the High Court on 24-02-1954 upheld the conviction but altered the sentence to one fine of £100. In the meantime, on 25-11-1953, the trial court Magistrate Mr. Sonavane made a report to the registrar of the Bombay High Court as to the conduct of the advocate who appeared in person as the accused before him. advocates on 16-03-1955. The respondent advocate pleaded guilty to the charges levelled against him.

The tribunal made a report to the High Court where held on the respondent's own administration the allegation in the report Mr. Sonavane to be proved and recommended that a very serious note should be taken of the respondent's conduct.

Finally, the respondent advocate forwarded a copy of the letter to the secretary of the Bar Council tribunal under High Court and requested the tribunal to accept his apology for delaying the proceedings before the tribunal.

In the letter to the Registrar, the advocate attached a separate letter in which he tendered his unconditional apology, wishing to withdraw his contentions that the proceedings before the tribunal were misconceived. He further admitted that High Court had full authority to refer the matter to the tribunal. The advocate stated in his letter that the statement made by Mr. Sonavane (regarding the advocate's conduct in the magistrate's request). The tribunal submitted its final report to the High Court and recommended that it should take a very serious note regarding the advocate's conduct.

After going through the aspects, the High Court issued notice to the advocate for final hearing. He pleaded through his counsel to be let off with a mere warning. But the High Court decided to suspend him for 1 year from the date of order.

### ISSUE:

- 1) Do whether the conduct of the advocate amounts to contempt?
- 2) Whether the High Court has jurisdiction to try the advocate for contempt under the Bombay Prohibition Act?

### REASON FOR JUDGEMENT:

The conduct of the advocate in the criminal trial against him in the court of the magistrate was entirely indistinguishable by any standard. It disclosed a continuous persistent attempt on the part of the advocate to be rude to and contemptuous of the magistrate to hold up the trial and to do everything in his power to bring the administration of justice into contempt, and as conduct merits were condemnation. The advocate should by reason of his having indulged in conduct unworthy of the member of the honourable profession to

Sri. Ravindra Joshi

Since 75 years of independence, there has been drastic development in the field of industry and others. But we have failed to reach out to people about the importance of law. The lack of legal awareness in public leads to ineffective life for an individual.

These kind of workshop has drastic effect on people as India. It is obvious by it if it is humanly not possible to learn all laws but it is important to spread awareness on the same via such great lecture, seminars and workshops.

The guest about Karnataka State Legal Service Authority and its different branches and para legal volunteers who helps in spreading awareness on legal concepts. The guest also appreciated the law students who have joined such KSLBA and are enthusiastic in helping people as it they who have much more legal insight in such topics.

3

2nd session by Sri. H. Shashidhar Shetty.

The guest spoke about the legal services Authority Act. legal services is defined under section 2(i) of LSA 1995. The main function of KALSA is to create awareness in the public about the legal relief and system. There are more than 4,407 para legal volunteers and 4,000 Advocate panel in it.

The beneficiaries are not being benefited and rich man pays but a poor man's prayer is more valuable than the rich man's fees. The guest encourage the senior advocates to take up legal service law.

The main objective is to create awareness to people who live in rural areas about their legal right and providing legal services. to the people who cannot afford it.

Section 18 of LSA says about who are eligible for your legal aid. they include members of SC ST communities, women and children, industrial workmen having annual income below 3 lakhs, victims of natural calamities physical and mentally disabled person, transgender are included.

### Discussion Highlights

#### 2. Gaining Knowledge On Drafting OF Pleading - Mr. Shankar Bhat

He gave some insights on 'Gaining Knowledge on Drafting of Pleadings'. He said one legal story, the story of law itself. We should know how this country was governed by the British people. East India Company one single company was practically answer of the all over India. In 1857 as we all know Sippai mutiny to place and that is the year when the British government took over the country from this company from 1857 to 1947 the Britishers ruled this country from 1947 onwards we are independent however this present judicial system was the Britishers brought after 1857 in a permanent way to this country. This story is relevant for us to know what pleading is and how it should be. The Britishers were posting at one time that is Sun never sets in a Britisher Empire that was because almost every part of the world was ruled by them. From east to west of course now their flag came back this original position. But it cannot be said that the British system has come to an end in any of these places. So probably they can force today that the British system never sets anywhere in the world. They have left and

Entirely Mark on our Judicial System on our democratic system or our accounting system, on our Industrial system. In this Introduction is for us to know what a Pleading should be in case which we have inherited British people. What is their system for resolving dispute in a very civilized manner they invented the judicial system in their country which they give this country, how the judicial system works it is known as adversarial system of dispensation of justice. In the Europe that is continents that is called Inquisitorial system of justice. Is that quite different. The adversarial system is very much important.

The first requirement of a lawyer for pleading is, full knowledge of Civil procedure Code if we are taking Criminal side of law we should have full knowledge of Criminal procedure Code. There are two important procedure laws one is CPC another is CrPc. CPC was enacted in the year 1908, even previous there was CPC but the present CPC which we are following. CPC has got Sections and Orders.

Today we are concern with pleading and hence we were confine our examination of only the Order relating to the Pleading and their Order 7 & 8. Order 7 is for the Plaintiff Order 8 is for the written statement and both this how it should be drafted is mentioned Order 8.

## 2. Legal Conveyancing or Drafting of Deeds

- Mr. Rajan Rao

He gave some insights on 'legal Conveyancing or drafting of deeds' many of his rules which are applicable to pleading may not be applicable for same. Before he discussed the drafting the deeds but as especially the legal documents. Now the legal documents of transactions like sale etc were prevalent in this Country even before the British introduced the formal laws governing the various transaction. Law as a means of communication of the human obligations or enforcement human rights was always prevalent all these years but with the introduction formal laws like lease property Act etc. the drafting of deeds to become it central by the legal provisions. Now coming to drafting the importance of drafting cannot be overlooked whether it is the case of drafting a pleading like plaint or counter statement of Court of law, or the drafting a deed of Conveyancing or deed of lease etc. the importance cannot be ignored the register way. While drafting a legal document we are wrong where the purpose will be lost. Kind of legal documents if we

## FACT OF THE CASE

In this case the petitioner (Menaka Gandhi) was a journalist who was about to travel to another country for some of her official business. Because of this purpose, it was applied for the passport by the petitioner under the Indian Passports Act of 1967. Later, on June 1, 1976, her passport was released. Thereafter, on July 4, 1977 a letter was received by the petitioner from the regional passport officer informing that the passport of the petitioner was confiscated, by the decision of the Government of India, under Section 10(3) of the Indian Passport Act, 1967 on the grounds of "Public Interest". Within seven days of receiving her passport, the applicant was forced to surrender it. Menaka Gandhi wrote a letter to the regional passport officer right away, demanding a copy of the statement about the reason for the order, as required by Section 10 of the Constitution. On the 6th of July 1977, the government of India's ministry of external affairs responded, saying that the government had agreed not to provide her with a copy of the statement of reasons for the order "in the interest of the general public".

As Pw1 resisted, Accused no. 3 and 4 forcibly took Pw1 to leave her husband and meet accused no. 1. On 19.10.2001 Pw1 was taken to Pw2 by accused no. 5 and 8 at Parappaudi Village to remove the alleged influence on on witchcraft (black magic) which was allegedly the cause of her being in love with Santhakumar. After two days, Santhakumar spoke to Pw1 over a phone call and stated that Accused no. 2 had told him about being given Rs. 5 lakhs by accused no. 1 to kill him, but Accused no. 2 had let him go unharmed and had asked him to escape to Mumbai. Santhakumar returned to Pw1 upon her request. Subsequently, on 31.10.2001, both of them approached Accused no. 1 to seek his mercy, thus revealing that Santhakumar was still alive. On 31.10.2001, they took the couple to the office of the Deputy Commissioner of Police to withdraw the complaint which had been lodged earlier that month. On 26.10.2001, at about 6:30 am., Accused no. 5 came and informed that Accused no. 1 had instructed Santhakumar to be brought to him. Upon reaching the Karai illi

culvert, and upon a signal by Accused No. 5, the other vehicle stopped, and Accused nos. 2 to 4 and 6 alighted therefrom. Accused no. 1 got out and grabbed Santhakumar by the collar, dragged him out. He pushed Santhakumar down and handed him over to Accused nos. 2 to 4 and 6 and ordered them to "finish him off".

While Pw1 was staying at her mother's house at Velachery, Accused nos. 5, 8 and other henchmen of Accused no. 1 kept a constant vigil over the movements of Pw1 and her family. She lodged the first information on 20.11.2001. On 31.10.2001, prior to the lodging of the FIR, one forester by name Ramam and Forest Guard Muruguresh of the Kodaikamal Range discovered the dead of a male near the Tiger Chela forest area. On seeing the dead body, Pw 27 lodged the FIR. Meanwhile, the accused had surrendered and confessed to the Commission of Santhakumar's murder.

### Issues :

- Whether there can be a second FIR relating to the same incident and whether the registration of the second FIR (which is not a counter case) is violative of Article 31 of the Constitution.
- Whether DNA test should have been conducted in order to identify the dead body, and identification merely on the basis of a superimposition test was improper.
