About the College

Established in 1974 SDM Law College has set a bench mark for quality legal education in southern India. The objective of the institution is focused on imparting legal education to all sects of the society. The institution is built on strong foundation and has maintained its reputation as a fine institution for legal education over a period of time.

About the Webinar

The outbreak of this pandemic disease i.e. Covid-19 is influencing litigation and law studies in numerous ways and has additionally injured the courts and colleges. Today, the nation along with its judges, lawyers, teachers and students are trying to overcome this situation. The contagious nature of this infection has prompted the shutting down of Courts, Tribunals and colleges across the nation to maintain social distancing from human affiliation and to check the spread of the virus in the country. Regardless of the circumstances, the Central Government and Honourable Supreme Court of India has found a way to give alleviation to the individuals who are confronting this uncommon test by taking up urgent issues by means of virtual procedures. Colleges have been conducting online classes with the goal that the advocate, litigant, teachers and students are not completely cut off from the legal education system. This webinar will highlight the same issues.
