### Mane Manege Kanoonu (Door to door legal awareness)

Mane Manege Kanoonu is the unique initiative of the Legal aid cell of our college where students do the door to door campaign in giving legal awareness to the general public and also to solve the minor legal issues faced by them. Legal aid cell of our college in association with District legal service authority carry several awareness and other related programmes throughout the year.

Students do the field study where they go to the houses and shops especially in rural areas and conduct a survey and gather the issues of such people which will be tried to resolve in the legal aid camp conducted every year. More emphasis is given to the adopted village situated in Neerumarga which is located in the outskirts of Mangalore city.

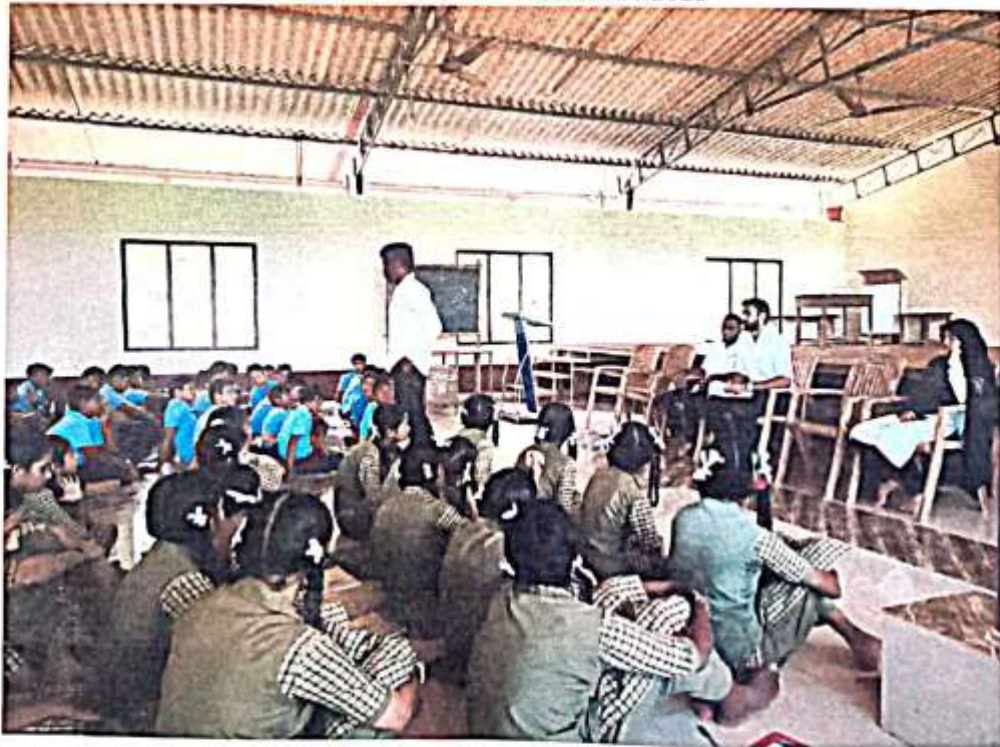

Around 100 plus awareness programmes are conducted in schools and colleges to educate young kids and youth on the basics of law as well as to provide awareness on various serious problems like dowry, child labour, POCSO, Environment protection, child marriage and other related activities. These activities give a hands-on experience to the students in tackling the socio legal issues which will in turn help them in their legal profession in the future as they are practically involved in solving the legal issues of the general public.

The college collaborates with the external agencies like NGO, Banks and other institutions to organize blood donation. College has also set up a Blood Donor's Club to assist the needy to receive the blood in time with the help of social media and other mode.

Students are encouraged to donate the blood and serve the needy. Students are given awareness about the importance of donating blood and serve the society. Workshops and awareness programmes are conducted in the college in respect of blood donation and organ donation. Around 400 to 500 units of blood is donated to various blood banks in the last five years.

This will have a positive impact on students like community engagement, skill development, stress release and so on which will ultimately help them in their profession as well as their health in long run.

## Report

### Awareness through walkathon and street plays

The legal system is meant for serving the community. Law is for the society and it is the duty of every citizen to know their rights and duties. As a law college, we consider it a prime importance to give awareness and educate the general public relating to the basic laws applicable to them and the pressing problems generally faced by the society.

To achieve this, the college organizes events like awareness walks, rallies, and street performances. General problems existing in the society are selected by the college as well as the students to bring awareness among the general public through awareness walkathon, rallies and street plays. Students are trained by the experts through workshops so as to reach the society to maximum.

This will help the student to mingle with the society and at the same time help them to deal the situation and problems tactfully in their profession. It enhances the students active participation with the community at large which is the basic requirement of the legal profession.
