5.1.3 Efforts Taken by the Institution to Provide Career Counseling Including E-Counseling and Guidance for Competitive Examinations description in a Maximum of 500 Words

A comprehensive career counseling and guidance is provided to students, encompassing a wide range of career paths including competitive examinations like judicial services, higher education opportunities abroad, civil services, company secretary (CS) exams, and various other professional avenues.

One of the institution's key initiatives is the establishment of a dedicated Training and Placement Cell, staffed with experienced professionals who provide personalized guidance to students. The cell offers individualized sessions where students can discuss their career aspirations, academic interests, and personal strengths and weaknesses. These efforts are aimed at equipping students with the necessary skills and knowledge to navigate their career paths successfully. The glimpses of career guidance starts at the beginning of the academic session, during the orientation programme where faculty and professionals extensively deal with career options available to students. The involvement of students in internships from the very first semester also makes them focus on their career, a well-informed choice.

Additionally, the institution conducts regular workshops and seminars on career-related topics such as facing interviews, resume writing, and soft skills training. These workshops provide students with practical insights into the job application process, interview techniques, and effective communication skills essential for success in today's competitive job market.

The institution also organizes mock interview sessions to simulate real-life interview scenarios and help students gain confidence and improve their interview performance. These sessions are conducted by industry professionals and alumni who provide valuable feedback and guidance to students, enabling them to identify areas for improvement and refine their interview skills.

Furthermore, the institution offers specialized training programs for final-year law students to prepare them for the legal profession, known as 'law finish school'. This program focuses on practical aspects of legal practice, including litigation training, mock trial, case analysis, and client counseling. Through hands-on training and mentorship from experienced legal professionals, students gain valuable insights into the realities of legal practice and develop the skills required to excel in their future careers.

In addition to career counseling and training programs, the institution actively facilitates opportunities for higher education and professional development. It organizes seminars and information sessions on higher education options abroad. The institution also collaborates with corporate partners to offer corporate training programs aimed at enhancing students' employability and readiness for the corporate world. MOU's are entered into with corporate entities to meet these requirements.

After receiving feedback from potential employers through campus placement, the placement Cell is renamed as Training and Placement Cell. Feedback of employers is collected to shape future programmes of T&P Cell. T&P Cell does not restrict placements to SDM Students only, but students from all over Karnataka. In partnership with KSLU the college has been organizing a zonal level Career guidance programme.
