INTERNATIONAL WEBINAR

ON

CYBERSPACE & IPR

17th December 2020

IPR Innovation Centre Presents ONE DAY INTERNATIONAL WEBINAR On "CYBERSPACE & IPR On" 17th December 2020.

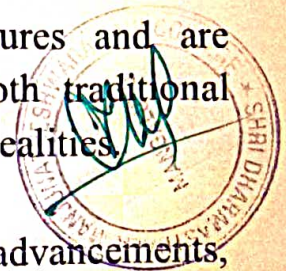

About the College

Dharmasthala is a famous temple town on the bank of river Nethravathi with a magnificent backdrop of Western Ghats. The place is known for its religious sanctity and religious harmony. Here Dharma is expressed in the form of Dhana (charity) and lakhs of devotees pray here for the blessings of Lord Manjunathaswamy. Shri Dharmasthala Manjunatheshwara Law College, Centre for Post Graduate Studies and Research in Law is a professional college functioning under the aegis of SDM Education Society, Ujire. The college was established in the year 1974. Since its inception, College is striving to search for innovative methods in imparting legal education. Presently, the college is affiliated to Karnataka State Law University, Hubballi and recognised by Bar Council of India. The college is re-accredited by NAAC with "B++" with CGPA 2.9 in 2019(New Methodology).

About the Webinar

Intellectual Property Rights and Cyber Laws extend a cluster of protections to both individuals and businesses. Cyberspace is becoming a core area for intellectual property rights infringement. In this transition period the courts are grappling with the new pressures and are attempting to resolve the question with an eye on both traditional intellectual property principles and the new technological realities.

With the growth of cyberspace and Technology advancements, copyrights and trademarks are not limited to conventional intellectual

745
property alone but it has extended to intellectual property rights over the internet.

There are various rules and guidelines provided by international conventions and treaties to protect infringement of IPRs online which are helping e-commerce to expand. The compelling and much sought out demand for providing protection to electronic information and data provided by various interested parties has again set in motion the thought process and India is facing a situation to reconcile the effective data protection laws and existing IP regime. In this context, keeping all these broad areas for deliberations, One Day International Webinar is organised by SDM Law College, Centre for postgraduate studies and Research in law Mangalore on 17-12-2020. This conference consists of key/ technical sessions by scholarly academicians, consultants and practitioners in the field of Intellectual Property, cyber laws and data protection laws.

Objectives of the Webinar

- To address the legal issues involved in the field of Cyberspace and IPR
- To analyse the intermediaries liability on Social media.
- To create awareness of Information Technology Act and Cyber Crimes.
- To understand data protection law and policy
