

DVV - CLARIFICATION

1.3.3

A} HEI has provided certificates for all the 538 students and also no repeat count is observed. However, DVV has perused several certificates and observed that durations of the exercises mentioned in these certificates varies from one week to a couple of months. Additionally, these certificates should have been segregated according to the nature of the practice, i.e. Moot Courts, Court visits, Arbitration or Mediation or Client Counseling Exercises, and internship in law firms or NGOs or Judicial Clerkships, etc.

B} Extending request to HEI for submitting fresh Excel data file and segregate these students program-wise and mention the duration of the exercise corresponding to each student.

Clarification:

A} Among 538 certificates provided by the HEI, the duration of experience varies due to the nature and duration of internship undergone by the students. However, with respect to Court visits, Chamber visits, uniformity of duration is followed to the maximum extent. Additionally, Moot Court, Court Visit and Internships have been aggregated according to the nature of practice.
