Criteria-III1

DVV CLARIFICATION

Metric No: 3.3.2

3.3.2 Number of extension and outreach programs conducted by the institution through NSS/ NCC/Government and non-government bodies other clubs during the last five years.

DVV Clarification (A):

HEI has provided all the documents in the regional languages and thus cannot be appreciated in their current version. National, international celebration days, educational trips, industrial visits, events organised by the HEI's own students with no interactions with external community and likewise events are not aligned with the intent of the current metric. HEI need to recheck the input figure and reconsider once again. HEI's may revise their claims and support only those activities that provide tangible benefits to the community beyond the campus. Extension and Outreach Program in an undergraduate college aim to foster civic responsibilities and community programs among students by providing services that extend beyond the campus. These programs allow students to apply their knowledge and skills to outreach benefit society while gaining practical experience.

Clarification: The HEI has translated headings of all the regional languages (i.e., Kannada) documents into English and has provided captions for the same.

HEI has provided report of all the national, international celebration days, educational trips, industrial visits and events organised with its own Students which include the service and extensive interactions with the community. Proper captions and highlighting the same to have been provided for better clarification.

Since all reports provide tangible benefits to the community beyond the campus HEI has revised the claims with proper report, which include objectives, proper captions, translations, invitations, banners, supporting media reports with proper dates.

Note: HEI has updated their claims from the Academic Year 2019-2024 as per the clarification (A) sought in DVV relating to extension and outreach activities and has provided links for programs academic year wise.

Report

RANGERS AND ROVERS CLUB 2023 organised a one-day trekking to Kudlu Theerta Falls, Karkalla on 9th of March. The total number of participants were 30 people altogether, out of which 27 were students and 3 were in charge. Journey Starting location was SDMLC, Mangalore and Travel time to the destination was 2hr 30mins.

On 9th morning around 8:30am we began our journey on a bus, the breakfast was provided to every person on the way. After travelling for around 3hrs we reached the destination at 12:00pm. Soon after reaching the destination the students along with the Incharge started the trek by walking in group and having fun all the way up to the end point. The walking took around 1hr 30

mins. Everyone explored one of the beautiful creations of nature i.e. falls and spent the most inspiring time over there which will be treasured for life. After spending enough time, we all started trekking again and headed back to the bus. Soon after the lunch, around 5:00pm we began our way back to Mangalore. Everyone reached back to the college safely around 8:00pm on the same day.

This trekking program has benefited everyone immensely as we know trekking provides a number of benefits, both physical and mental. Spending multiple hours climbing, rock hopping and ascending hills gave the whole-body workout. Also, by spending the time outdoors, exploring nature was a perfect way to cleanse the mind from stress.

Feedback of the participants was collected orally. This program had an impact on each person greatly. With the support of the Principal and under the guidance of Convenors this program was a success.
