In response to your clarification request, we have reviewed the data and ensured alignment with the Audited Statement of Accounts. Below are the relevant details comparing the DVV's suggested input, the original figures, and the final values used:

Financial Year	DVV Suggested Input	Original Figure	Audited Statement Value	Final Value Used
2023-2024	29.87	29.87	29.87	29.87
2022-2023	6.77	7.03	7.04	7.04
2021-2022	1.74	1.74	1.74	1.74
2020-2021	5.48	5.48	5.50	5.50
2019-2020	9.06	9.05	9.06	9.06

2022-2023:

- The DVV input suggested a value of **6.77 lakhs**, but the correct audited figure is **7.04 lakhs**. Hence, the audited figure has been retained.
- Initially, the figure for this year was recorded as **7.03 lakhs**, but the audited statement confirms it should be **7.04 lakhs**. The final value has been corrected accordingly to align with the audited accounts.

2020-2021:

- A minor rounding difference was observed between the DVV input (**5.48 lakhs**) and the audited statement (**5.50 lakhs**). The audited figure of **5.50 lakhs** has been used to ensure consistency.
