Query B: HEI is requested to supplement this with an audit sheet highlighting expenditure related to the procurement and maintenance of essential software solutions, including the Attendance Management System (AMS), as well as any other pertinent management software acquisitions. Additionally, HEI is urged to furnish i. Comprehensive particulars concerning online fee submissions of students for the Academic year 2022-2023, and ii. Digitally generated examination hall tickets for the Academic Year 2022-23.

Response: With respect to audit sheet highlighting expenditure related to the procurement and maintenance of essential software solutions, college has furnished explanation endorsed by the Secretary of the SDME (Shri Dharmasthala Manjunatheshwara Educational) Society, (R), Ujire and also supporting documents for the same.

With regard to online fee submissions of students for the Academic year 2022-2023, since the college is affiliated to the Karnataka State Law University, students will remit the fees to the college account either through online/cash/cheque. To substantiate the same, notification issued by the college to pay the fees for academic year 2022-23 is furnished. Once the fee is paid by all the students than the same will be remitted to the University account through online mode. To substantiate the same, the e-receipts of the students' fee payment details to the university in the academic year 2022-23 are furnished.

With regard to digitally generated examination hall tickets, since ours is affiliated college, the Karnataka State Law University itself generate the hall tickets.

Query-B.

HEI is requested to supplement this with an audit sheet highlighting expenditures related to the procurement and maintenance of essential software solutions, including the Attendance Management System (AMS), as well as any other pertinent management software acquisitions.

Response

With respect to the above query, I would like to bring to your kind information that, our college is managed by SDMES(R), Ujire, and it also manages 56 other institutions around the state of Karnataka. The Management has in-house developed software system i.e. EERPMS for the smooth functioning of the college administration. All the financial aspect with regard to maintenance of software system is looked after at the Head Office. Therefore, college does not have separate expenditure for the maintenance of the EERPMS software. Therefore, procurement and expenditure on the software is not reflected in the college audit reports.

I would also like to bring to your information that EERPMS is in itself a comprehensive software covering many components. I hereby attach the documents explaining the components of the EERPMS software for your kind perusal.

I request your goodself to consider the same and do the needful.

The above contents are true and correct

ERP DOCUMENT

In order to promote e-governance for the smooth functioning of all the academic and administrative activities in all SDM Educational Institutions, **SDM Educational Society(R), Ujire**, has developed an indigenous ILMS software 'Educational Enterprise Resource Planning and Management System' (EERPMS) with cloud 180 HB in 2004 which is extended to SDM College also. A team of software developers, Engineers and other clerical staff are appointed by the society exclusively for the operation and maintenance of the software in the Software Cell. EERPMS is also available as a mobile application.

E-governance services are made available to all the stakeholders-Management, Staff members, Students and parents, providing electronic information dissemination in a convenient, efficient and transparent manner by various means, such as web-based service delivery, Digital democracy and Establishment of a secure and cooperative interaction.

The college has taken Green Initiative by practicing Paperless Office through EERPMS. All meeting minutes of institutional bodies including Statutory Bodies (except Governing Body and Academic Council) are maintained electronically so that they can be accessed and downloaded anytime.

There are seven different modules in EERPMS as given below:

Administration Module of the EERPMS provides online user management that provides access to the information of the portal by various members of the administration through specific user IDs and passwords. The Admin has all the rights to set, add, edit, update and delete the information of the Portal. The EERPMS facilitates generation of customized reports in various fields.

All sections of the college office such as College Website, Student Applications and Admission, Hostel Admission, Fee payment and Attendance Monitoring, Absentee information to parents through SMS, Schedule meeting and Recording Meeting Minutes, Survey on various aspects, Students' Feedback on Teachers' Performance, Self Appraisal by Staff, Digi locker are managed effectively through EERPMS. There is provision for Alumnae Registration. All stakeholders can register their Grievance and see the development or the process of redressing.

4

Academic Module provides access to Students Profile, Students' Course Details, Class wise, Combination wise, Subject wise Attendance, Fees Collection and details. There is an option for marking attendance for Multiple Students (Same Course term) who are Present/Absent for all classes between two given dates. This is useful when students go out for sports meets, absent for many days due to some reasons. There is provision to generate reports on hourly, monthly attendance which helps in monitoring shortage of attendance and follow up action.

Question banks (MCQ) prepared by the faculty uploaded to EERPMS facilitate the Exam Office to conduct Online Tests with an option to shuffle questions through EERPMS. Descriptive type question Pares set by the faculty uploaded to EERPMS enables the exam section to generate internal question papers for off line semester end exam written exam also.

Registrar of Evaluation and limited staff in the Exam Office are authorized to access exam section in the EERPMS to generate question papers, hall tickets, entry marks and generate / delete marks cards, Students' Documents (Degree Certificates, Achievement Certificates, Other documents) are uploaded to Digi locker by the Exam office so that students can download it anytime, anywhere.

The faculty can post their e-contents, lecture notes and e-learning materials which are accessible to students on students' portal. The faculty can also conduct online quizzes and give assignments. The staff and students' activity in terms of Participation in various academic events, Research work, Publications, Research Projects, Awards and Achievements can be entered and customised reports can be generated as and when required.

A Record of Scholarships given to students by different committees or organisations is available. Mapping of students to mentors is also done here.

Students have the access to EERPMS through Student Portal on College Website using specific user ID and Password provided by the college. They can access all study materials uploaded by the faculty, attendance details including library hours, activity details in terms of participation in various competitions, awards won and other achievement details through student portal.

Human Resource Module has Employee Registration and Staff Profile. Basic Informations such as Qualifications, Previous Experience, Languages Known, Achievements, IDs, Status, Job Description are available here. The staff can access this externally by specific password and user id. This enables them to apply for leave on line, access details on CL and EL

5

availed, Number of library hours attended, Books borrowed from the library, Salary and Increment details, Loans availed and advances details. Payroll generation and management, Service details like superannuation, promotions and increment dates are registered here.

Library Module Library management is effectively done using EERPMS. By OPAC one can search books by their title, accession no. author/publisher, subject etc., and reserve books online. Book issue details, Periodicals and Journal subscription order and purchase details, Department wise budgeting options and remaining fund details, Library user's Attendance Monitoring, Calculation of the average and Selection of the Best Library user can be done. Library Stock verification process is made easy.

Hostel Module enables managing Student registration to hostel, Room and Bed allotment, Mess bill generation, Fees collection, Changing Room or bed.

Accounts Module enables Receipts and Payments, Cash Sale and Cash Purchase, Credit Sale and Credit Purchase, Tax etc. There is also provision for Audit comment.

Inventory Module helps in Storage location, Asset Management, Billing and Transfers and stock entry. Updating Opening stock and Material consumption can be done in this module. Stock Register is managed through a model which helps in stock verification also.
