Report on Institutional Distinctiveness

The institution's distinctiveness is highlighted through its strategic partnerships and collaborative initiatives. The institution has established a Memorandum of Understanding (MoU) with the KMC, fostering collaboration across various interdisciplinary activities, including a Blood Donation Camp, a Mock Trial on a "Medico-Legal Case," and basic life support training programs. This partnership also offers legal advice and an add-on course that integrates medicine and law, promoting valuable knowledge sharing between these fields. Additionally, the institution has partnered with the A.J. Institute to enrich the educational experience through specialized lectures and workshops, such as a lecture on "Organ Donation - The Need of the Hour" and discussions on labour laws related to hospital management, providing students with a comprehensive understanding of legal frameworks in the healthcare industry. These collaborations highlight the institution's commitment to interdisciplinary education, bridging the gap between law, medicine, and healthcare management.
